**ORDINANCE NO. 2020 – 018**  
**YYYYYYYYYYYYYYYYYYYY**

**AN ORDINANCE AUTHORIZING THE CITY MAYOR TO IMPOSE PRE-EMPTIVE COMMUNITY QUARANTINE AND RELATED MEASURES AS A PRO-ACTIVE ACTION AGAINST THE SPREAD OF COVID-19 IN NAGA CITY:-**

On joint and collective motion

**EXPLANATORY NOTE**

Resolution No. 11 of the Inter-Agency Task Force for the Management of Emerging Infectious Disease authorizes local governments to impose localized quarantine in a barangay in the event of the occurrence of COVID-19 cases in at least two households in the barangay, and in the entire LGU in the event of the occurrence of COVID-19 cases in at least two of its barangays.

The Resolution however is reactive in nature authorizing containment measures after the detection of at least two COVID-19 cases. A far better option is to implement measures to pre-empt the spread of the disease in our city. Such pre-emptive action is necessary as the impending lockdown of Metro Manila brought with it an exodus of people to the provinces including Naga City raising the risk of spreading the disease outside of Metro Manila.

Likewise, the presence of the Bicol Medical Center in Naga City, which is one of the confinement centers for individuals with suspected or confirmed COVID-19, as well as the presence of other hospitals and medical facilities in our city, equally brings with them the risk of localized transmission of the virus. Section 16 of the Local Government Code, otherwise known as the "General Welfare Clause" mandates local governments to exercise the powers expressly granted, those necessarily implied therefrom, as well as powers necessary, appropriate, or incidental for its efficient and effective governance, and those which are essential to the promotion of the general welfare.

It further mandates LGUs to promote the health and safety of its residents, maintain peace and order, and preserve the comfort and convenience of their inhabitants. Given the prevailing circumstances and the mandate imposed on the city by the Local Government Code, The following ordinance is herein adopted.

**AN ORDINANCE AUTHORIZING THE CITY MAYOR TO IMPOSE PRE-EMPTIVE COMMUNITY QUARANTINE AND RELATED MEASURES AS A PRO-ACTIVE ACTION AGAINST THE SPREAD OF COVID-19 IN NAGA CITY**

Be it ordained by the Sangguniang Panlungsod of Naga, that:

**SECTION 1. RATIONALE.** Rather than wait for a Nagaueno to be infected by COVID-19, the city government has deemed it more prudent to institute pre-emptive and pro-active measures to minimize the risks of exposure and infection of its residents.

This approach is compelled by: the influx of people evading the lockdown in Metro Manila where there are confirmed cases of COVID-19; the presence of the Bicol

Medical Center in Naga City where patients with suspected and confirmed COVID-19 cases are confined; the presence of private hospitals, medical clinics and laboratories where people seek medical attention; and the fact that Naga, being a city, is a natural convergence point for people.

**SECTION 2. DECLARATION OF A GENERAL COMMUNITY QUARANTINE.** The city mayor is herein authorized to declare a general community quarantine in a given barangay, in a cluster of barangays, or in the entire city, even prior to the existence of an actual confirmed cases of COVID-19 in the city.
